

Radio Gaga:

Already learnt in class – please learn these words off by heart, it is the opening number to the show and it will be very obvious to see if people stumble on the words. Please practice with actions as this is a finished routine.

We sit alone and watch your light, Our only friend through teenage nights
And everything we want to get, We down-load from the internet

No need to think, no need to feel
When only Cyber space is real
It makes us laugh. It makes us cry
It makes us feel like we can fly, We can fly!

A blueprint for our life on-line
Touch any key The world is mine
We're lost in space but we don't care
Without your light our world's not there
Complete control you are the power
Our lives are programmed by the hour
Global show, Global show

All we hear is Radio ga ga, Video goo goo, Internet ca ca
All we hear is Cyber space ga ga
Marketing blah blah
Always something new?
Global soft All your world loves you!

We watch our shows we watch your stars
Across our screens for hours and hours
We hardly need our eyes or ears
We just log on and our dreams appear
Global show

Inters: We're not alone, we have our friends
On Cyber love we can depend
So stick around 'cos we'd all miss you
We need our Graphics need our visual
Complete control You are the power
You use our lives up by the hour
